01 Introduction

NHS Dentist is proudly owned and managed by the esteemed husband and wife team, Dr. Amir Vahdat and Dr. Nancy Yousef. With over 25 years of dedicated service, we are committed to providing top-quality dental care. Our experienced team is devoted to delivering exceptional patient care in a welcoming and comfortable environment.

As a dual-service provider, we offer both NHS and private dental care, ensuring access to a comprehensive range of treatments. Our services include dental implants, Invisalign, periodontal therapy, and endodontic therapy, catering to the diverse needs of our patients.

Our Principal Dentists

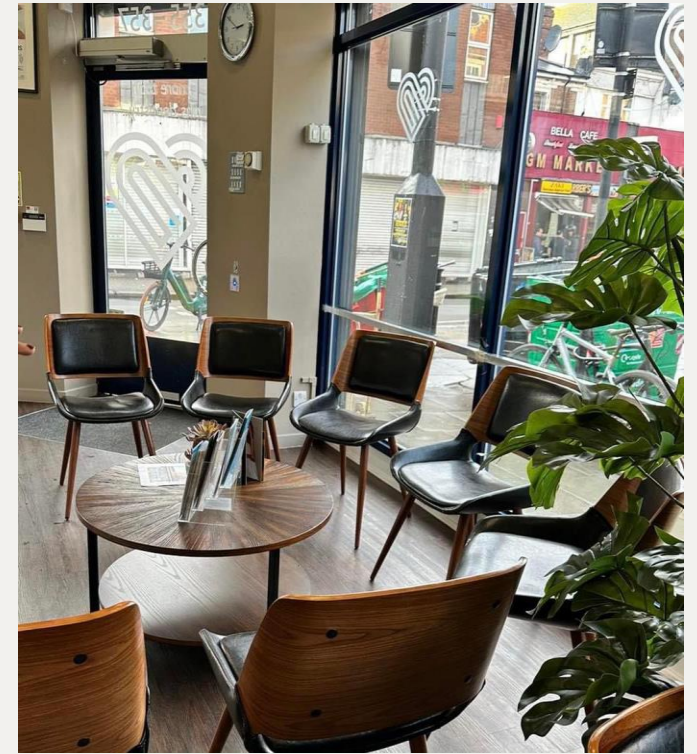

Our Team

Join our customer-centric team, where our top priority is delivering exceptional service and creating meaningful experiences for our patients. We are dedicated to understanding and exceeding patient expectations, going above and beyond to ensure satisfaction at every touchpoint. Our team works collaboratively, constantly seeking innovative ways to enhance the customer journey. If you have a passion for putting customers first and thrive in a team that values responsiveness, empathy, and excellence, we'd love to have you join us.

The Practice

At our esteemed dental practice, we take pride in having served our community for over 25 years, establishing ourselves as a trusted pillar in local oral health care. We provide exceptional service and building lasting relationships with our patients. Our practice combines a rich history of experience with access to the latest advancements in dental technology, ensuring that our patients receive the highest standard of care. With a team of skilled and compassionate dental professionals, we are committed to delivering innovative treatments and personalised care, reflecting our deep-rooted commitment to enhancing the well-being of our community.

Our 4 Pillars

CARE

Care is a fundamental pillar of our practice, deeply embedded in every aspect of what we do. For over 25 years, we have prioritized providing exceptional, compassionate care to each patient, treating them as part of our extended family. Our team is dedicated to understanding and addressing individual needs, ensuring that every visit is met with empathy, respect, and personalized attention.

We believe that true care goes beyond clinical excellence; it's about creating a supportive environment where patients feel valued and heard.

This commitment to genuine, heartfelt care defines our approach and strengthens the bond we have with our community.

TRUST

Trust is the cornerstone of our practice and a fundamental pillar of our commitment to patient care.

Over the past 25 years, we have built a reputation for reliability and integrity, earning the confidence of countless individuals and families in our community. We understand that trust is earned through consistent, compassionate care and transparent communication, and we strive every day to uphold these values. Our dedicated team works tirelessly to ensure that each patient feels valued, informed, and reassured, reinforcing the strong foundation of trust that defines our practice.

RESPECT

Respect stands as a core pillar of our practice, guiding every interaction and shaping our approach to patient care. We believe in treating every individual with the utmost dignity and consideration, valuing their unique perspectives and needs. For over 25 years, we have fostered an environment where patients and team members alike are respected and listened to. Our commitment to respect is reflected in our thoughtful approach, ensuring that each person feels acknowledged and appreciated throughout their visit. This dedication to mutual respect strengthens our relationships and reinforces our mission to provide exceptional, patient-centred care.

PRIDE

Pride is a fundamental pillar of our practice, driving our commitment to excellence and the high standards we uphold. For over 25 years, we have taken immense pride in delivering top-quality dental care, celebrating the positive impact we make in our community. Our team is dedicated to continuously improving our skills, embracing the latest advancements, and maintaining a practice that reflects our values of integrity and professionalism. This sense of pride is evident in every aspect of our work, from the care we provide to the relationships we build, ensuring that each patient receives the exceptional service they deserve.

05 What Our Patients Say About Us

My dentist, Dr. Afrah G-M, is fantastic, friendly & professional. The practice is well organised with online booking, email alerts and newsletters so great at nudging us towards good oral hygiene in between appointments.

All the staff are friendly and helpful. Dr Amir Vahdat is my dentist, and he is fantastic. Very experienced, professional and friendly.

This is the best dentist surgery in town. I have been a patient here for many, many years. They are always very thorough and so efficient and so reasonably priced. I have recommended this dentist to many friends and family, and we all say the same, the best experience here. Highly recommend.

The best Dentist in London. Nancy is wonderful, as are all the Team, from the reception staff to the assistants and hygienists. Professional, patient and honest about treatments needed. My family and I have been coming for years and consider ourselves very lucky to have such a great practise. Excellent Dentists. It is so important to feel comfortable and in safe hands. Couldn't recommend them more.

I started coming to NHS Dentist a few months ago because I needed several things done. Dr Amir Vahdat was exactly the type of dentist I was looking for: no need to dental work for dental work's sake. So, he recommended a plan of action and carefully explained it to me. Once I approved, we moved forward, and I am thoroughly pleased with the results. Thank you, Amir!

Once you start using NHS Dentist, you will never need another dentist -ever!

From smiling, friendly, happy reception staff to reassuring, professional dentists and dental assistants you will receive the best dental care available in London, possible in all of the UK. And there is an unexpected bonus. You receive continuity of care by seeing the same dentist from one visit to the next, always good for anyone who is nervous. I have been seen and helped by my dentist, Divya for what is now decades, and my teeth are all the better for it and have gone from having crowns fitted to simply needing to visit the hygienist. My dental health has improved as the years go by. I would recommend NHS Dentist to anyone, whether they require teeth polishing, a routine check-up or complex cosmetic dentistry as the large and experienced staff have qualifications for every dental need.

Dr Divya Vadher has been my dentist for over 17 years. She is extremely professional, very friendly and cares! She knows how to make me feel calm when I am nervous about certain treatments. I like the fact that I get reminders to book appointments and the booking system is very easy. I've also always found the reception staff very friendly and helpful. I would highly recommend Dr Vadher and this dental surgery.

Vicky

Social Events

At our practice, we truly value the strong bonds we share as a team. That's why we make it a point to host social events throughout the year, giving us all the chance to connect, celebrate our successes, and enjoy each other's company outside of work. These gatherings are more than just fun—they help us build lasting friendships and create a positive, supportive atmosphere that enhances our work experience and translates into better care for our patients. We believe that by investing in these moments together, we strengthen our team and enrich our daily interactions, making our practice not just a place of work, but a community we're all proud to be part of.

07 Next Steps

Thank you for taking the time to review our presentation. We look forward to the possibility of you joining our team in the future.

Should you have any questions or need further information, please do not hesitate to reach out. A member of our team will be in touch shortly to discuss the next steps of your application.
